

**As YUCHISOFT**, a software development company driven by our leadership mission, we are committed to:

Providing the right products and services to our customers at the agreed-upon time, in a secure and sustainable manner. We achieve this through a customer-centric approach, taking into account all customer complaints and requests, our business conditions, and legal requirements. We handle complaints objectively and impartially, adhering to the principle of "The Customer is Always Right."

**As YUCHISOFT**, we are committed to:

Providing the necessary resources and managing them effectively. We will ensure that the products and services we provide meet international technological advancements and maintain their sustainability. We will also guarantee the protection of personal and corporate information security in our products and services, in accordance with both national and international laws.

**As YUCHISOFT**, we are committed to:

Engaging all stakeholders connected to our company in continuously developing and improving our quality management system, our employees, and the services we provide to achieve our goals and objectives. We will make this a company culture by fostering a collaborative environment where everyone feels empowered to contribute to our collective success.
